Licensed by the Department of Motor Vehicles of the Commonwealth of Virginia

Instruction provided does not guarantee that any student will pass the state license examination or that the student can secure a license, or that the student will be guaranteed employment upon completion of any course instruction. Tuition is non-refundable unless the school or instructor is unable or unwilling to perform its part of the contract within 30 calendar days from the date agreed to in the contract. A student may repeat a failed class and/or retake a road test within one year free of charge.

- Fees to be paid when class begins.
- Any missed classes/assignments must be made up in subsequent classes with no additional fees.
- Students will be notified in event classes are to be canceled. Rescheduling will be made at that time.
- Students 17 years of age or under are required to complete all Drivers Education.
- Students 18 or 19 years of age and older may hold a learners permit for 60 days in lieu of completing a driver training course.

“It is the responsibility of the student or in the case of a minor, the parent or legal guardian, to report to the Department of Motor Vehicles (DMV) any concerns regarding school facilities, instructor behavior, or quality of instruction by the school. The DMV is committed to promoting transportation safety through the certification of quality driver training programs. If you have comments or concerns about this course, call the DMV toll free at 1-877-885-5790.”

Students of age may receive one-on-one training with an instructor if such training is agreed to by the parent or guardian. The student is required to meet the observation requirements with at least one other student in the vehicle during in-vehicle training.

Normally, there are 2 students in the car, each driving and observing a 50-minute session. Occasionally with parental permission, a third student can join 2 students during the last observation period. The third student would observe for 50 minutes and then the original 2 students would be taken home. The third student would remain with the instructor and drive for 50 minutes. This option for Behind-the-Wheel is helpful for students with time constraints because of athletics, extracurricular activities, school, travel, or work. Also when there are long waiting lists, an instructor can drive with 3 students after school instead of 2. Parents should only sign permission if they want their child to have this option.

Due to the possibility of fluctuating gas prices, I understand that a surcharge may be added to the quoted price for Behind-the-Wheel instruction.
